

# Physicians' Health Initiative for Radiation and Environment (PHIRE) & Environmental Health Trust (EHT)

Sat 9<sup>th</sup> Nov (12.30-5.30pm)

Michael Hall Lecture Theatre, Kidbrooke Park, Priory Rd, Forest Row, East Sussex RH18 5JA

## Wireless Radiation the Elephant in the Classroom

Evidence-based medical, scientific and engineering information regarding health effects of wireless radiation and mitigation, with a focus on children's health

Lectures and Q+A with globally recognised experts in the field

**Dr. Devra Lee Davis** ([EHTrust.org](http://EHTrust.org))  
**Acclaimed Special Guest Speaker from USA:**  
Nobel winning team member, Environmental Health Trust Founder, US National Research Council, US National Academy of Sciences, former adviser to the Clinton Administration. Dr. Davis will explain evidence on vulnerabilities of children to EMR.

**Dr. Erica Mallery-Blythe** ([PHIREmedical.org](http://PHIREmedical.org))  
Special Expert at International Commission on Biological Effects of Electromagnetic Fields, Founder of Physicians' Health Initiative for Radiation and Environment. Dr Mallery-Blythe will explain evidence on variation in sensitivity to EMR.

**Debra Fry**  
Children's EMR Health Ambassador (on behalf of her beloved daughter Jenny Fry), dental nurse, mercury and radiation badge monitor. Mrs Fry will share her personal experience.

**Alasdair Philips** ([powerwatch.org.uk](http://powerwatch.org.uk))  
EMR mitigation and metering expert. Philips, Special Expert at [ICBE-emf.org](http://ICBE-emf.org), explains reducing exposure and answers common questions as well as those raised on the day.
